

College Algebra (MATH 1314)
Syllabus 2024 – 2025

Instructor: Danae Burton

Room: 105

Campus: Levelland High School

Email: danaeburton@levellandisd.net OR dburton@southplainscollege.edu

Course Description: In-depth study and applications of polynomial, rational, radical, exponential and logarithmic functions, and systems of equations using matrices. Additional topics such as sequences, series, probability, and conics may be included.

Student Learning Outcomes: Upon completion of this course and receiving a passing grade, the student will be able to:

1. Demonstrate and apply knowledge of properties of functions, including domain and range, operations, compositions, and inverses.
2. Recognize and apply polynomial, rational, radical, exponential and logarithmic functions and solve related equations.
3. Apply graphing techniques.
4. Evaluate all roots of higher degree polynomial and rational functions.
5. Recognize, solve and apply systems of linear equations using matrices.

Supplies: A 1-inch 3 ring binder is recommended for storing in class notes and graded homework assignments. Students will need a pen or pencil to write with. A TI-30X calculator is required for the course. If the student does not have one, a calculator will be assigned from the school.

Homework and Quizzes: Homework will be assigned after each section of notes and will be due **three class days** after the assigned day. On the due date, there will be a short, 2-4 question quiz accompanying the assignment given at the beginning of class. The quiz + homework will be **one assignment grade** worth 100 points total (80 points from the homework and 20 points from the quiz).

Late Work: Late assignments will be deducted 10 points per day late, up to three days late. Assignments turned in 4+ days after the due date will result in a 0. Extensions will be given for missed class days and extenuating circumstances.

Exams: There will be an in class exam at the end of each chapter of notes completed and a comprehensive final exam at the conclusion of the class in May.

Technology: This class will use Google Classroom for all notes and class videos. The code for our Google Classroom is _____. Grades will be uploaded to Skyward. We will not use Blackboard in this class.

Classroom Expectations: Students are expected to:

- Be prepared to learn (have all supplies ready when class begins)
- Be kind to each other
- Be respectful to the instructor
- Have phone put away during instruction time
- Do not bring drinks into the classroom

Testing Expectations: During tests, students are expected to:

- Have a calculator
- Have phone silenced and put away in a backpack
- Keep eyes on your own paper
- Have the review completed and turned in

Students who do not comply with these expectations will be subject to disciplinary action.

Grading Policy: A (90-100%), B (80-89%), C (70-79%), D (60-69%), F (0-59%).

The student's final grade will be calculated with the following category weights. All grades will be kept in Skyward.

Fall Gradebook

Category	Shows in Skyward As	Weight
Assignments (HW + Quiz)	Assignments	45%
Daily Work	Daily Work	10%
Exams	Tests	45%

Spring Gradebook

Category	Shows in Skyward As	Weight
Assignments (HW + Quiz)	Assignments	30%
Daily Work	Daily Work	5%
*Exams from Fall	Performance	25%
Spring Exams	Tests	30%
*Final Exam (comprehensive)	Projects	10%

*The gradebooks for Fall and Spring semester are separate in Skyward. This category will only be included in the Spring gradebook and will be used to calculate the final grade.

South Plains College Common Syllabus Statements

Cheating violations include, but are not limited to, the following:

1. Obtaining an examination by stealing or collusion;
2. Discovering the content of an examination before it is given;
3. Using an unauthorized source of information (notes, textbook, text messaging, internet, apps) during an examination, quiz, or homework assignment;
4. Entering an office or building to obtain an unfair advantage;
5. Taking an examination for another;
6. Altering grade records;
7. Copying another's work during an examination or on a homework assignment;
8. Rewriting another student's work in Peer Editing so that the writing is no longer the original student's;
9. Taking pictures of a test, test answers, or someone else's paper.

Student Code of Conduct Policy: Any successful learning experience requires mutual respect from the student and the instructor. Neither the instructor nor the student should be subject to others' rude, disruptive, intimidating, aggressive, or demeaning behavior. Student conduct that disrupts the learning process or is deemed disrespectful or threatening shall not be tolerated and may lead to disciplinary action and/or removal from class.
