ALLIED HEALTH

NOTICE: SPECIAL REQUIREMENTS AND ADVANCED REGISTRATION PROCEDURES APPLY FOR MOST ALLIED HEALTH COURSES. For details, please come to the SPC Registration Desk at the Byron Martin Advanced Technology Center, 3201 Avenue Q, Lubbock, or call (806) 716-4906.

BASIC PHLEBOTOMY

CIP 51.1009 PLAB 1023 60 hrs 6.0 CEU's Total Tuition and Fees: \$565.00

Textbook(s): THE COMPLETE TEXTBOOK OF PHLEBOTOMY 4TH EDITION

The student will discuss theoretical and practical aspects of specimen collection (including professionalism, ethics, terminology, quality control, and safety); use basic laboratory terminology; identify name and function of laboratory equipment; and explain issues of quality control and safety. This course is designed to prepare students to take NHA Certification Test included in this program. The National Certification requires you have a High School Diploma or GED. On-site registrations will not be accepted for this course. You must pre-register and provide proof of immunizations which includes Hepatitis B Series, 2-MMR's, Tetanus no older than 10 years, Varicella (Chicken pox) shot or proof of illness, and have a current negative TB test no older than 6 months prior to the first day of class. A flu shot will be required of all students enrolled between October 1st and March 31st. All clinical time will be scheduled during the day. A minimum of ten (10) participants is required for this class to be held and a maximum of twelve (12) students will be accepted.

IMPORTANT: You will not be allowed to register or pay for this class without all requirements being met. Criminal background checks will be performed for all students. NO REFUND will be given for criminal background checks. In order to take the Certification test you must have a diploma or GED.

CERTIFIED NURSE AIDE

CIP 51.1614 NURA 1001 60 hrs 6.0 CEU's Total Tuition and Fees: \$300.00

Textbook(s): NURSING ASSISTANTS A BASIC STUDY GUIDE 10TH EDITION

Students learn the necessary skills to work in long-term care, home health, or hospital environments. A method of instruction providing detailed education, training and work-based experience, and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Upon completion of the 60 hours of classroom and 40 hours of clinicals. Each student will be required to take the State of Texas Certified Nurse Aide Competency Examination with NACES. Students will now submit their own applications and testing fees directly to NACES after completion of the class. On-site registrations will not be accepted for this course. You must pre-register and provide proof of immunizations which includes Hepatitis B Series, 2-MMR's since 1981, Tetanus no older than 10 years, Varicella shot or proof of illness, and have a current negative TB test no older than 6 months prior to the first day of class. A flu shot will be required of all students enrolled between October 1st and March 31st. valid state issued photo identification, and social security card prior to enrollment (Names must match on both documents and not expire before the end of class). On-site registrations will not be accepted for this course. A maximum of ten(10) participants will be accepted for this class.

IMPORTANT: You will not be allowed to register or pay for this class without all requirements being met. Criminal background checks will be performed for all students. CPR certification is required and not included in tuition fees. Other supplies not included in the tuition and fees are a Blood Pressure Cuff and Stethoscope. Criminal Background checks will be performed on all students. NO REFUND will be given for criminal background checks.

EKG MONITOR TECH

CIP 51.0902 ECRD 1011 60 hrs 6.0 CEU's Total Tuition and Fees: \$500.00

Textbook(s):

This introductory course is designed for those who want to work in the health care industry in a more advanced position. A basic knowledge of hospital protocol and medical terminology is recommended but not required. This course includes fundamentals of the anatomy and physiology of the cardiac system, basic EKG procedures, interpretation of basic dysrhythmias and a brief look at treatment. This is a demanding course that requires an intense commitment to learning and understanding the complex concepts associated with the cardiac system. This course is designed to prepare students to take the NHA CET Certification Test included in this program. HOMEWORK on a daily basis will be necessary. The practicum will be the last three days of class. A maximum of twenty (20) students will be accepted. Study guide materials written by the instructor will be available for purchase the first class night for \$65.00. Instruction includes 36 hours of classroom time and 24 hours of green scrubs, and a white lab coat.

Preregistration is required and students must provide a high school diploma or certified GED letter and proof of immunizations which include Hepatitis B Series, 2-MMR, Tetanus no older than 10 years, Varicella shot (Chicken pox) or proof of illness and a negative TB test no older than six months. A flu shot will be required of all students enrolled between October 1st and March 31st. IMPORTANT: You will not be allowed to register or pay for this class without all requirements being met. Criminal Background checks will be performed on all students. NO REFUND will be given for criminal background checks.

MEDICATION ADMINISTRATION FOR NURSE AIDE

CIP 51.2603 NURA 1013 140 hrs 14.0 CEU's Total Tuition and Fees: \$495.00

Textbook(s): ADMINISTERING MEDICATIONS: PHARMACOLOGY FOR HEALTHCARE PROFESSIONALS 8TH EDITION

The student will receive instruction in the responsibilities and procedures associated with preparation and administration of designated medications by non-licensed nursing personnel employed in health care facilities licensed by the Texas Department of Health. This intensive course is required for certification as a Medication Aide.

You must pre-register and provide proof of immunizations which include Tetanus in the last 10 years, TB test showing a negative reading no older than 6 months prior to the first day of class, 2- MMR's, Hepatitis B Series. You will also need to bring your driver's license, social security card, certified nurse aide license, names must match on these two documents, original diploma, transcript or certified GED letter. A minimum of ten (10) participants is required for this class to be held. Deadline for registration is when class is full. Participants who satisfactorily complete the course will be awarded a Continuing Education Certificate for 14.0 hours.

IMPORTANT: You will not be allowed to register or pay for this class without all requirements being met. Criminal background checks will be performed for all students. On-site registrations will not be accepted for this course.

Special requirements for enrollment: You MUST:

- * Have a high school diploma or GED. Foreign transcripts or diplomas must be accompanied by a certified translation letter.
- * Be currently employed in a facility as a nurse aide or non-licensed direct care staff person on the first official day of the training program.
- * Have been employed in a facility for 90 days as a non-licensed direct care staff person within the 12-month period preceding the first official day of training.
- * An applicant who worked as a nurse aide in a Medicare skilled nursing facility or a Medicaid nursing facility (Nursing Home) is exempt from the 90-day requirement.
- * If you work for a MHMR house, Assisted Living, Home Health, Hospital or Correctional facility, you will not meet state requirements to qualify.

These registration requirements are set by state law and several require notarized documentation. Students are responsible for ensuring that they meet the enrollment requirements. No refunds will be given for students failing to meet enrollment requirements. Class dates are listed for lecture only. Students must complete both lecture and clinicals. Clinical schedules will follow and may require different times and days of the week. A maximum of twenty-one (21) students will be accepted.

MEDICATION AIDE UPDATE

CIP 51.2603 NURA 1041 7 hrs 0.7 CEU's Total Tuition and Fees: \$60.00

Textbook(s):

Fulfillment of the annual education renewal requirements for the Certified Medication Aide. Topics include review and update of medication aide training rules, medication administration, and related responsibilities. The student will identify current state guidelines regarding the roles and responsibilities associated with medication administration for non-licensed nursing personnel employed in licensed health care agencies; and recognize current practices in medication administration, including side effects, implications, and contraindications of commonly used drugs. Please bring your license number with you at the time you register and the day of the class. Pre-registration is recommended with a max of 24 students being accepted.

PHARMACY TECH TEST PREPARATION

CIP 51.0805 PHRA 1043 48 hrs 4.8 CEU's Total Tuition and Fees: \$383.00

Textbook(s): THE PHARMACY TECH CERTIFICATION REVIEW AND WORKBOOK 4TH ED.

This is a test preparation review course for pharmacy technicians who will be taking the Pharmacy Technician Certification Exam. The course is designed to augment your on-the-job training or provide an individual who has extensive knowledge with the tools to successfully complete the national exam. This is an introductory course where highly motivated individuals willing to spend a significant amount of outside class time in memorization and other study techniques can also benefit. Subjects covered include pharmacology, safety, terminology, packing, dispensing, distribution, inventory management, pharmacy law, reading prescriptions, pharmacy math including aliquots, ratios and proportions, calculating percentages, ratio strengths, business math, calculating IV flow rates, and any other related topics. The Pharmacy Technician Certification Board Exam is available all year. There are further costs that are not included in the price of this course. There is a fee of \$62 to receive a Pharmacy Technician in Training License which the student will be responsible for paying www.tsbp.tx.state.us directly. There is a fee of \$50 for finger printing which the student will be responsible for paying identogo.com directly. Students must have their trainee license before the last class. PTCB requires that examinees have a high school diploma or GED and have never been convicted of a felony. The meeting dates for this class are subject to change by the instructor. The \$140 exam fee, which is paid directly by the student to PTCB.

INDUSTRIAL TECHNOLOGY

BASIC MACHINE SHOP

CIP 48.0501 MCHN 1038 96 hrs 9.6 CEU's Total Tuition and Fees: \$504.00

Textbook(s):

Course Level: Introductory (Equivalent Course: MCHN 1338)

Course Description: A course that introduces the student to machining fundamentals. The student begins by using basic machine tools including the lathe, milling machine, drill press, power saw, and bench grinder. Machine terminology, theory, math, part layout, and bench work using common measuring tools is included. Emphasis is placed on shop safety, housekeeping, and preventative maintenance.

End-of-Course Outcomes: Demonstrate set-up and use of the lathe, milling machine, drill press, power saw, and bench grinder applying good housekeeping, proper safety, and preventative maintenance. Use precision instruments to perform bench work including part layout, drilling, reaming, taping, press fitting, location of hole centers and surfaces; set up power saws for cutoff operation; demonstrate tooling maintenance, and hazardous material handling. Perform preventative maintenance. Interpret blueprints.
