Evaluation

Grades for this class will be assigned based on the following point scale:

90 – 100 %	=	A
80 – 89%	=	B
70 – 79%	=	C
60 – 69%	=	D
59% and below	=	F

Be advised many theatre programs will not accept a grade in your major below a C.

Points will accrue in the following categories:

Scene work – There will be a series of monologues and partnered scenes for you to perform, they will be averaged together to create 50% of your final grade

Journal – Each student is required to keep a journal of experiences in the class, I recommend a spiral bound notebook. In it you should keep a daily record of what has effected you that day. List class exercises that worked or didn't work for you, and other experiences that have effected you. I will also assign specific questions to be answered in he journal. I will collect the journals at certain times and assign a grade, the average will count for 40% of your final grade in the class.

Attendance and participation – Acting is an activity and I expect you to attempt all exercises in class and participate in the class, each day I will assign a participation grade and the average will count as 10% of your final grade, If you are not in class you did not participate - therefore you get no participation grade for that day.

WARNING – Cheating or plagiarism will result in the student receiving a 0 on the assignment for the first offense, second offence you will be dropped from the class.

COVID Statement

1. In compliance with GA-38, SPC will not require any person to wear a face covering. However, we support anyone who chooses to wear a face covering to maintain safety as greater numbers of students, employees, and visitors come to our different campuses.
2. In compliance with GA-38, SPC will not require any person to receive the COVID-19 vaccine to visit our campuses or attend class. However, we strongly recommend getting the vaccine to better protect yourself and others from the COVID-19 virus.
3. Students, faculty, and staff who test positive for COVID-19 will be required to quarantine for a 14-day period. Faculty should be prepared to accommodate students who are quarantined so they may continue their education without any unreasonable delays. If students, faculty, or staff test positive for COVID-19, they should contact their healthcare provider immediately to determine appropriate healthcare treatments, and they should contact DeEtte Edens to evaluate their quarantine requirements. Students should also contact their instructor to notify them they will be quarantined and to receive instructional guidance from their instructor.
